

COVID-19 precautions for OeNB events (as of October 28, 2020)

At the OeNB, we are closely following the latest advice and guidance issued by the public health authorities. This is to inform you about the precautions we have taken to keep us all safe.

Attending events

To proactively ensure our visitors and workforce remain safe, please stay at home if any of the following applies to you:

- I am not feeling well
- I am having a fever, cough, symptoms of a cold or difficulty breathing
- I had contact with a COVID-19 patient
- someone in my community may be infected with the virus and/or suffer from COVID-19

Should any of our visitors become infected with COVID-19, our public health authorities need to be able to contact-trace all other visitors. This is why we will ask you to share your contact details when registering for your event (please remember to bring along a valid ID).¹

For international guests, it will be important to be up to date about their countries' entry and exit rules.

Entrance and registration

OeNB event locations are accessible only through one entrance, where we provide automatic hand sanitizer dispensers for your use.

Please keep a distance of at least one meter from people other than those in your household and avoid gatherings, especially when entering and leaving events.

When registering, mind the floor markings to keep a safe distance from other visitors. Do not line up in groups and help keep the flow of visitors moving.

Be sure to arrive on time (at least 15 minutes early), bearing in mind that the admission process may take longer due to the new precautions.

¹ Data privacy statement: The Oesterreichische Nationalbank (OeNB) processes personal data for contact tracing, to enable people who may have been exposed to COVID-19 to be identified. Your personal data will not be shared with third parties and will be deleted after 10 days. Visitors are not obliged to share personal information, but the OeNB has the right to deny entry to its premises in the event of nondisclosure. The OeNB has a lawful right to process visitor data under the legitimate interests provision of Article 6 (1) of the General Data Protection Regulation (GDPR). Specifically, it is in our legitimate interest to be able to contact people who might have been exposed to the virus, and to contain the COVID-19 spread. Under the GDPR, data subjects may request access, rectification or erasure of personal data or restriction of processing; and they have the right to lodge a complaint with the Austrian Data Protection Authority. To contact the OeNB's data protection officer, email us at: datenschutz@oenb.at.

Face masks and hygiene practices

Please bring along face masks. At present, wearing face masks is obligatory on the OeNB's premises.

Please make sure to keep a distance of one meter from people other than those in your household also after the registration process.

A face mask has to be worn continuously from the moment you enter the event premises – even at the assigned seat.

Please note that we provide physically distanced seating and kindly ask you to comply with the seating arrangements.

Catering and breaks

Please avoid crowding, keep a safe distance (at least one meter) during breaks and when leaving.

Our catering service closely follows official COVID-19 health & safety regulations.

Networking

Please keep a safe distance of at least one meter and wear face masks when networking during and after the event.

Liability

We make every effort to meet the COVID-19 safety requirements, but we can do so only with your assistance. The attendance of OeNB events is at your own risk and implies your consent for public authorities to disclose personal data if required.

Last but not least: We are looking forward to seeing you at the OeNB even under COVID-19 restrictions.
