## FINAL OeNB Euro Survey Master Questionnaire Fall 2020

This document contains all questions asked to respondents in the survey wave of fall 2020 of the OeNB Euro Survey in English.

The numbering of the questions corresponds to the original numbering in the questionnaires used in the relevant survey waves.

Since the questionnaire of the OeNB Euro Survey has been adjusted each year to each wave, the relative succession of the questions asked may differ for each year.

- Questions or parts of questions highlighted in yellow indicate that they were deleted, rephrased or have been newly added compared to the master questionnaire of the prior year. If you use questions from multiple waves, please note that a question might have been subject to changes in several survey waves.
- Questions highlighted in green have been copied from prior questionnaires.
- Questions, that are highlighted in grey are not available for outside users.

We provide the data of all survey waves to external researchers (except some questions marked in grey – see above). The penultimate wave is made available once the data quality check of the most recent wave is finalized (usually from May onward, i.e. wave 2021 is available from May 2023 onward). Information on how to access the data can be found on our website (<u>Data sharing - Oesterreichische Nationalbank (OeNB)</u>). On the website you can also find additional information, e.g., a grid of questions per wave and a description of ex post harmonized socio-demographic variables included in the dataset.

## **OeNB Euro Survey Questionnaire Fall 2020**

[FOR INTERVIEWER: Read out the following introduction]:

The next set of questions is about financial decisions of individuals. These questions were commissioned by a public European institution and are being asked in a total of ten countries. The purpose of this regular survey is academic research and safeguarding of (financial market) stability. Your answers help researchers to understand personal saving and borrowing decisions – so this makes your input very important. We can assure you that your answers will be treated confidentially and will never be used for any private or marketing purpose.

[FOR INTERVIEWER: Please make sure, that there is an entry for each question. If respondents hesitate to answer, tell respondents that it is ok, if they do not want to answer, but it would be important to know, whether they do not want to answer or whether they really do not know.]

- g. an internet loan provider
- h. a pay day lender
- i. a pawnshop
- j. an employer
- k. family, relatives or friends
- I. another private lender
- m. other

For each item: Yes=1 No=2 Do not know=88888 No answer=99999

<u>g. An internet loan provider:</u> It is a company which provides personal loans for any purpose only via the internet. That loan provider is not necessarily a bank.

h. payday lender:

A payday loan is a small, short-term loan from a nonbank lender that typically carries high interest rates and comes due on the next payday. As a security, borrowers must give lenders access to their current account or write a check for the full balance (including interest) in advance.

<u>i. Pawnshop or pawnbroker</u>: A store which offers loans in exchange for personal property as equivalent collateral. If the loan is repaid in the contractually agreed time frame, the collateral may be repurchased at its initial price plus interest. If the loan cannot be repaid on time, the collateral may be liquidated by the pawn shop through a pawnbroker or secondhand dealer through sales to customers.]

## Questions to be completed by the survey institute

 A7) Primary Sampling Unit:
 A7a) Numerical PSU, which should be country-specific, i.e. XXYYYY (XX=country-ID, YYYY=PSU); Label: the exact address of the primary sampling unit. *Exact street name, exact village/town/city, exact municipality name* (if not the same as village/town/city), region, country (separated by commas only).

A7b) Variable value: numerical PSU; Label: the exact name of the village/town/city.

- Please note that villages/towns belonging to a larger municipality should be reported with the exact name of the village/town and not with the name of the larger municipality. **Only** if there is more than one village/town of this name in your country, then add the larger administrative unit (e.g. municipality/province/region) in the label, **after** the name of the village/town.
- Furthermore, for capital cities or major cities consisting of several boroughs/districts: please report the name of the city and not of the borough/districts.
- A7c) Variable value: numerical PSU; Label: the exact postal code of the village/town.

## (Please note that PSU data are released as a harmonized variable only: h\_psu)

A8) Region \_\_\_\_\_

Please deliver two variables:

Variable A8\_nuts2 for the regions at NUTS 2 level. Variable A8\_nuts3 for the regions at NUTS 3 level. If not available use other official regions.

## (Please note that regions are released as a harmonized variable only: h\_region, nuts2, nuts3)

## A9) Size of Village / City

Please check whether the size of the village/town/city is the same for all individuals residing in the same city. For small villages/towns belonging to a larger municipality, please indicate the number of inhabitants of the village/town, and not the inhabitants of the larger municipality. Furthermore, for capital cities or major cities consisting of several boroughs: the overall number of inhabitants shall be reported, not the number of inhabitants at the borough-level.

(Please note that this variable is provided as h\_size in the dataset)
